This is the tentative schedule for Tuesday. At this point-in-time it's unclear how many of the city hurdle events will be run (if any). If we wind-up with a bye in the city girl's 100 hurdles, all events after #5 will move up about 10 minutes. If we have a bye both the City 300 hurdles we'll gain another 20 minutes or so. So keep this in mind... we could finish at 6:40 instead of 7:10. The 3200's will be combined with Central and City girls in one race and Central and City boys in another. The 1600 boys under 5 minutes will not run Tuesday.

This schedule is just an estimate.. The actual times could be different as we'll go as fast as we can... Arrive early for your events.
